

## Vehicle Safety

---

### Vehicles will not be operated unless:

- Vehicle is inspected and confirmed to be in safe working order
- Drivers are trained and certified to operate the class of vehicle
- Passenger number does not exceed manufacturer's design specification for that vehicle
- Seat belts are installed and worn by all occupants
- Hand-held cell phones and radios are not in use by driver

**Are you trained and competent to perform this work? You have an obligation to stop the work if it's unsafe.**
